

PRACTICUM STUDENT EVALUATION FORM
(To be accomplished by the Supervisor)

Name of Student	Miel Gabriel Lagdàn
Name of Supervisor (Evaluator)	Dr. Eric A. Galapon
Evaluator's Signature	
Department & Partner Institution	National Institute of Physics, UP Diliman
OJT Period	22 June 2026 - 31 July 2026
Date Submitted	20 July 2026

Objectives of the OJT Program:

The OJT program aims to develop the Dr. Galapon student interns' competence in quantum physics, enabling them to apply theoretical and mathematical physics in a workplace, conduct research contributing to national development, assume leadership roles, collaborate with professionals in the field, communicate scientific information effectively in English and Filipino, and uphold professional, social, and ethical responsibility.

Course Learning Outcomes (CLO):

1. Demonstrate an understanding of knowledge on quantum physics by performing their duties as a student intern on their chosen institution for at least 180 hours
2. Exemplify professionalism and work ethical standards with different personnel whether in a industrial or research setting
3. Appreciate theoretical and mathematical physics as a developing field in the country
4. Create a portfolio summarizing the experience of a theoretical physics intern in the field (research or industrial setting)

Direction: Please rate the student on the following attributes using a Likert scale, where 1 is the lowest and 5 is the highest. Circle, shade, or mark the number that corresponds to your answer.

SECTION 1: PROGRAM-SPECIFIC ASSESSMENT (25%)					
Applies theoretical concepts of quantum and mathematical physics in research.	1	2	3	4	5
Demonstrates competence in research meetings and/or conducts tasks involving rigorous math analysis.	1	2	3	4	5
Shows respect towards colleagues and supervisors.	1	2	3	4	5
Demonstrates proficiency in organizing and documenting research findings/ daily training.	1	2	3	4	5
Utilizes relevant equipment and tools proficiently and/or shows competence in data collection, analysis, and interpretation.	1	2	3	4	5
Total:					21/25

SECTION 2: PRACTICAL ASSESSMENT (75%)

Professionalism and Work Ethic:

Demonstrates punctuality, reliability, and responsibility in daily tasks.

1 2 3 4 5

Adheres to workplace policies and procedures with diligence.

1 2 3 4 5

Shows respect towards colleagues, supervisors, and patients/clients.

1 2 3 4 5

Communication and Interpersonal Skills:

Expresses ideas and information clearly and effectively.

1 2 3 4 5

Listens actively and responds appropriately to others.

1 2 3 4 5

Builds rapport and trust with colleagues and clients.

1 2 3 4 5

Teamwork and Collaboration:

Works collaboratively with fellow students and professionals.

1 2 3 4 5

Respects diverse perspectives and promotes a harmonious working environment.

1 2 3 4 5

Adaptability and Initiative:

Demonstrates flexibility and openness to learning new tasks.

1 2 3 4 5

Takes the initiative to seek new learning opportunities during the practicum.

1 2 3 4 5

Ethical Decision-making:

Demonstrates ethical judgment in professional activities.

1 2 3 4 5

Upholds confidentiality and privacy principles.

1 2 3 4 5

Attitude and Motivation:

Exhibits curiosity, enthusiasm, and eagerness to learn and contribute.

1 2 3 4 5

Maintains a positive and constructive attitude throughout the practicum.

1 2 3 4 5

Time Management:

Manages time effectively to meet deadlines and complete tasks.

1 2 3 4 5

Total: 75/75

Grand Total 100/100

Additional Comments:

Please provide any specific comments or feedback regarding the student's performance, strengths, areas for improvement, or any exceptional achievements during the practicum.

Mick. demonstrated high level of motivation
skills.
